AMENITIES & SPACES

At Hideaway Inn Mt. Snow, everything's designed to make your stay easy, fun, and full of those small mountain moments worth remembering. It all starts with **Direct-to-Door check-in**, so you can skip the front desk and head straight to your room – more time to enjoy your getaway. **The Living Room** is the relaxed heart of the hotel, a spot to spin a record, dive into board games, or hang out with something cold from your cooler (we're BYOB-friendly). Kids can explore **The Hideout**, our dedicated play space where little adventurers get room to roam. **The Commons** is your low-key hangout – bring a couple beers, grab a seat, and swap trail stories. Step outside to **The Meadow**, a wide-open lawn where you can wander down to the river out back, play lawn games, stargaze at night, or simply breathe in the fresh mountain air. When you're ready to warm up or wind down, head to **The Chill** – our sauna and hot-tub hideaway where your muscles can thaw and the day can melt away. And for sun-soaked days, take a dip in our seasonal **Outdoor Pool** – open for summer with full mountain views. Cool off, stretch, and have fun out in the sun.
